

O.C.G.A. § 31-7-22(b)(2)(D) Response Regarding Real Property

Please note that O.C.G.A. § 31-7-22(b)(2)(D) requires a nonprofit hospital in Georgia to post a “listing of all real property holdings of the hospital [. . .].”

Based on a reasonable interpretation, there are nine relevant hospitals¹ within the Emory Healthcare system for purposes of disclosures under O.C.G.A. § 31-7-22: Emory University Hospital,² Emory University Hospital Midtown, Emory University Orthopaedics & Spine Hospital, Emory University Hospital Smyrna, Emory Saint Joseph’s Hospital, Emory Johns Creek Hospital, Emory Decatur Hospital, Emory Hillandale Hospital, and Emory Long Term Acute Care.

Currently, with limited exception, these hospitals do not own the real property on which the hospitals sit. Generally, with limited exception, the real property on which the hospitals sit is owned by Emory University, Emory/Saint Joseph’s, Inc.,³ or the DeKalb County Hospital Authority. However, in the interest of transparency, a general listing is included here of parcels on which the main hospital buildings⁴ are situated on the primary hospital campuses. This listing is not a comprehensive listing of all parcels on the primary campuses nor is it a comprehensive listing of all property which may be owned by Emory University, Emory/Saint Joseph’s, Inc., or the DeKalb County Hospital Authority.

This information is based on a reasonable and good faith interpretation of O.C.G.A. § 31-7-22. Because this information is specific to O.C.G.A. § 31-7-22, this information may not be directly comparable to information from other public or private reports or databases, other documents, or other reporting requirements.

¹ Based on a reasonable interpretation, this excludes Emory Rehabilitation Hospital as not being subject to O.C.G.A. § 31-7-22.

² Emory University Hospital includes, without limitation, Emory University Hospital at Wesley Woods.

³ Emory/Saint Joseph’s, Inc. is a joint venture.

⁴ Medical office buildings which primarily house physician practices or space leased to physician practices or other entities are not included.

For purposes of O.C.G.A. 31-7-22(b)(2)(D) only. Because this information is specific to O.C.G.A. 31-7-22, this information may not be directly comparable to information from other public or private reports or databases, other documents, or other reporting requirements.

This table does not describe the ownership structure of any real property and is not a comprehensive listing of all property on the hospitals' primary campuses.
